How to use this PDF

*Thank you for downloading Ellwed's "OMG I'm Getting Married"
Wedding Planner & Calendar!*

HOW TO USE THIS PLANNER & CALENDAR:

Your personal wedding planner PDF is editable or fillable and there is no need to print it.

You can fill this document digitally on your computer or your cellphone/tablet.

On your desktop, the PDF will appear with colored fields to fill automatically when opened with Adobe Acrobat Reader.

On your cellphone/tablet, the PDF can be editable with Adobe Fill&Sign App or any similar such application for filling PDFs.

You can also print your wedding planner if you like and choose the pages you would like to print.

Front page is for your important information like your names, date, year & wedding location.

Your wedding month is the most important month! Mark your wedding day and fill in all the important tasks leading to your date in that month!

Every month is open for you to fill in the dates for any year you need.

At the end fill in all your selected vendors and tick it off when you booked their services or purchased their products!
